

Instructions:

Test your regulatory knowledge! Solve each of the riddles and provide the correct proper shipping name. *All answers pertain to the 49 CFR and IATA regulations.*

E-mail your answers to: Customerservice@BureauDG.com

Prize:

1 winner will be selected. Submit the correct answers first and receive a \$25.00 Amazon gift card!

Thanks for playing and good luck! ☺

1. I may be dry, but don't let that fool you. For shipping dangerous goods, I'm the best way to cool you.
2. I'm noble enough, and I'm lighter than air. Put me in a blimp, and I can take you anywhere.
3. I have a fixed type, and I'm not going to settle. What can I say? I'm attracted to metal.
4. If you're in the UK, paraffin's my name. If the year's 1850, you rely on my flame.
5. It is important to know that I'm dangerous when wet. But I'm also a mineral...4700 mg per day is how much you should get.

*****Bonus*****

I'm handy to have if you ever get hurt. But if you're trying to ship me, you'd better have a current cert!
